Voters Warned to Make Sure Ballots Are Properly Marked

Failure to Mark Special Ballot Will Count as "No" Is Ruling

Road Commissioner Robert J. Webb warns voters that under the present law governing special assessments for road purposes ballots which are not marked are counted as votes against the measure.

The vote on a tax for road purposes must be made on a ballot separate from that on which the names of candidates for township offices appear, and voters must mark the special ballot or have it count as a "no" vote.

He also explained that the proposed tax is not new, having been in effect since 1939 and that the ballot to be used in Tuesday's election does not call for any increase in taxes.

Money derived from the special tax is used for the maintenance and upkeep of the specified roads and no part of the money can be used on any other roads, or for mechanical equipment or labor on any other roads. He explained that all equipment is paid for out of the regular road and bridge fund.

The special tax covers upkeep and maintenance of the same roads which have been maintained by the tax for the past eleven years and thus leaving more of the regular road and bridge fund money to make a better, more complete maintenance of the other roads from the regular fund.

Webb said that disapproval of the measure would work a real hardship because of the fact that considerable money has been spent over the years to get the town roads blacktopped and in good shape and that if they cannot be recovered and kept in shape the original investment in hard-surfaced roads would be lost.

It seems certain that the measure will receive support, since it has been accepted for many years in the past and most residents are well satisfied with the condition of the town roads.

Methodists Will Start Building Fund Campaign With Dinner on Sunday

The building fund campaign of the Methodist church will open with a kick-off dinner at 6 p. m. Sunday in the church dining room.

Workers selected last week by the captains will attend and will be given their final instructions during a short program following the dinner.

A training conference for the workers was held on Tuesday and Wednesday evenings and again will be held tonight at 7:30 in the church. Any worker not having attended previous meetings and all other volunteers are urged to attend tonight's meeting.

The campaign is to complete the fund started last year through which an addition to the present building may be built.

Grass Lake Patrons Stage Money Raising Campaign To Pay for School Bus

Patrons of the Grass Lake school are staging a money raising campaign to pay for a school bus which is now being operated for the benefit of the pupils of that school.

The bus was obtained through the cooperative efforts of Herman Sterbenz, owner and operator of the bus, the school board, and the parents. Parties are being held monthly at the school under the direction of the bus committee, in raising money to meet payments on the bus.

The next party will be held Saturday evening at the school, and an appeal is being made to the public to attend. Refreshments will be free.

Working directly for the project are Frank Ballwanz and Harry Stott, members of the board of education, and a committee comprising Mrs. Francis Burke, Mr. and Mrs. L. Hribar, Mr. and Mrs. George Mazzuca, Herb Meyers, Mr. and Mrs. A. L. Kersten, Roy Frazier, Mrs. Chas. Boegaerts, Mrs. Lee Coons, Mrs. Trudy Nelson and Mrs. Robert Simmek.

Mobile Chest X-Ray Unit Here April 20

Tentative plans are being made to bring the Christmas Seal Mobile Chest X-ray Unit to Antioch again this year to search for unknown cases of tuberculosis, Richard Whitacre, member of the board of directors of the Lake County Tuberculosis Association said today.

It will be stationed near Lake and Main Sts. during the afternoon and evening of April 20. Details will be announced later.

This is a free service of the TB association paid for by the sale of Christmas Seals, Whitacre said. It is painless, requires no undressing and takes less than a minute.

It is hoped many residents of Antioch will take advantage of this service, because a chest x-ray is the only way to find tuberculosis in its early stages, when it is easier to cure, Whitacre said.

Cancer Fund Campaign To Start Sunday With \$28,000 as Co. Goal

Lake county's 1951 Cancer fund drive, scheduled to open Apr. 1, will be headed by Dr. M. C. Wynes, a member of the clinical research staff of Abbott Laboratories, it was announced today by Mrs. Donald P. Welles of Lake Forest, executive committee chairman of the county chapter of the American Cancer Society.

Dr. M. J. McAndrew, Lake Bluff, has been named co-chairman for the county campaign. Dr. McAndrew is on the medical staff at Abbott Laboratories, and is a member of the Lake County Medical Society.

Although this is Dr. Wynes' first year with the Lake County group, he has been active in cancer society work for several years. He was previously associated with the Milwaukee chapter, and served as educational director there in 1948 and 1949.

Dr. Wynes announced that the 1951 goal for Lake county has been set at \$28,000. Last year, with a quota of \$20,000, the county raised a total of 29,137, marking the third consecutive year Lake county has exceeded its quota. The quota in Illinois this year is \$900,000.

In an appeal for the county's continued support of the cancer campaign, the 1951 chairman sounded an inflationary note. "The cost of fighting cancer, along with everything else, is going up while funds for cancer control are not keeping pace with mounting prices," Dr. Wynes said.

"Larger amounts of money are required every year just to maintain the same level of attack against cancer," he explained. "The use of this money ranges from such widely diversified items as a penny pamphlet to a \$250,000 research grant—and both might save lives. I sincerely hope Lake county residents will continue their wholehearted support and add another year to the county's excellent record of contributing more than its assigned share."

DR. M. C. WYNES

The county organization for the drive is virtually complete, Dr. Wynes said. He expects to announce the chairmen for the various communities within the next week.

County headquarters for the drive will be in the cancer information center at 9 S. County st., Waukegan. Contributions may be sent through the mail simply by addressing the envelope: "Cancer, Waukegan, Ill." or any other community that has a postoffice.

No More Postal Notes
Postmaster Roy Kufalk has been notified that the sale of postal notes will be discontinued Saturday.

Plan to Block Loan to Wilmot School Board Fails; Try New Attempt

Another episode in the uncertain life of the Wilmot High school district ended last weekend when plans to block a state loan to the school by means of court action were dropped.

Arthur Bloss, leader of the opposition to constructing new class rooms and a gymnasium, is now planning to appeal to the state.

A defect in the petition for blocking Apr. 2 on the proposed building caused T. H. Bakken, chief of the commission of public lands to proceed with his plan to lend the money to the school board. He previously had held up the loan.

A new petition was filed and the voters are now expected to vote Apr. 12 as to whether the board will withdraw its application for the loan or not.

Bloss said Monday that Chief Clerk Bakken, Madison, is holding up the loan until after the new balloting, although the state has approved the loan.

The loan, Bloss said was approved because the petition attempting to prevent it was faultily worded. His group filed a corrected petition, again asking for the Apr. 12 vote.

Two-way Radio in Car Of Police Chief Linked With County's System

Antioch has added police protection as the result of the installation of two-way radio equipment in the car of Police Chief Walter I. Scott.

The radio is a part of the Lake county network of the sheriff's office, and Scott can be in constant contact with the sheriff's office. This will mean speedier protection from county deputy sheriffs.

The village still doesn't have a police headquarters or any place where the police can be reached by telephone, but it will be possible to call the sheriff's office which can contact Chief Scott in the same way that it can contact sheriff's deputies.

But don't try to make the long distance calls through the sheriff to Chief Scott collect. It can't be done.

William Fischer, 76, Lake Villa Resident Dies

William Fischer, 76, of Lake Villa, died at 11:30 p. m. Sunday at his home following a heart attack.

Born May 4, 1874, in Chicago, Mr. Fischer, a laborer, had lived in Lake Villa 55 years.

He is survived by three nieces, two residing in Chicago, and one in Compton, Calif., and three nephews, Tony and Frank Sciacero in Lake Villa, and Ray Sciacero in Waukegan.

The funeral service was held at 10 a. m. today at the Strang funeral home with the Rev. R. E. Harrison in charge. Burial was in Angola cemetery, Lake Villa.

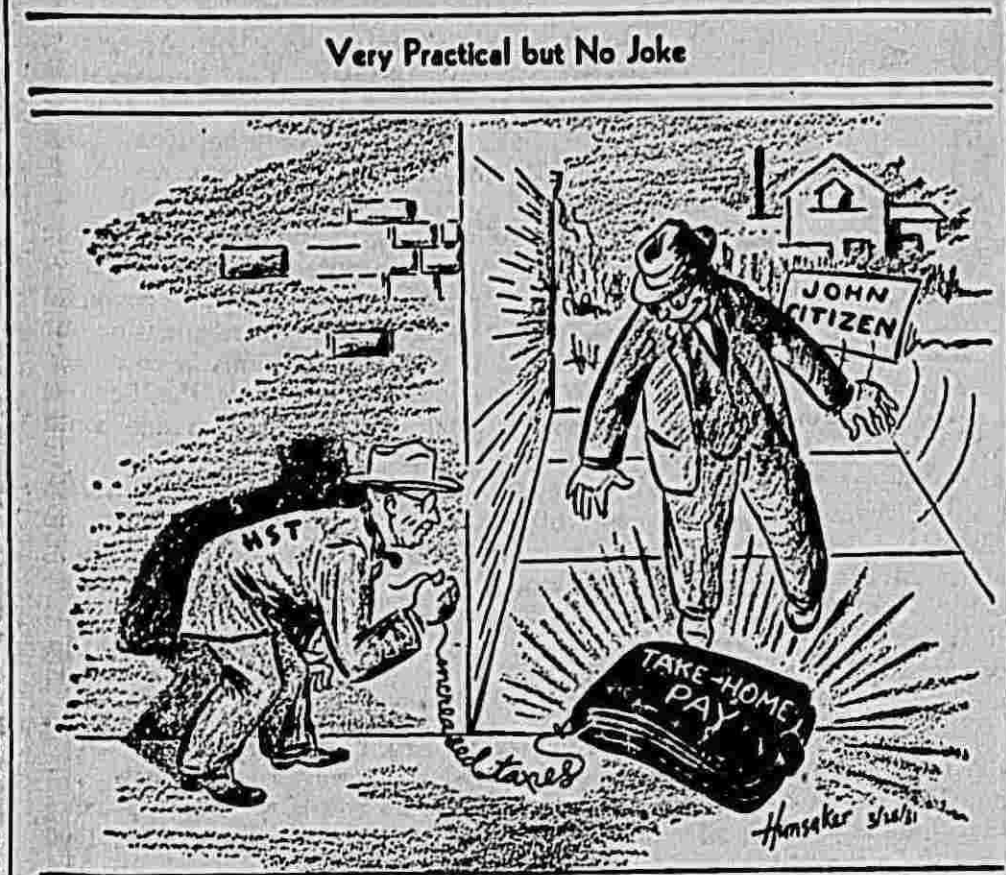

Mother of George Bacon Died at Dundee Friday, Was Ringwood Resident

Sarah Jane Bacon 86, mother of George Bacon of Antioch died March 23, in the Bowes Rest Home at Dundee, Illinois. Funeral services were held March 26, at the Horn funeral home in Richmond with interment in Ringwood.

Mrs. Bacon has lived for the past sixty years in Ringwood. Two daughters and one son preceded her in death. Surviving her are George Bacon, the son, five grandchildren, fourteen great grandchildren and three great great grandchildren.

Former Antioch Resident Appointed to Office of Price Stabilization Board

Allen (Pat) Torhorst, president of the Quality Milk Service, Inc., Burlington, Wis., and a former Antioch resident, has been appointed to the office of price stabilization board. The Burlington Free Press said that Torhorst returned home Sunday evening from a vacation spent in Florida to find a telegram informing him of his appointment. He left for Washington D. C. yesterday. Torhorst is in the milk transportation business.

High School Musicians To Give Annual Concert With Dance on April 13

Antioch Township High school will present its annual spring concert of choral and band music at 8 p. m. Friday, Apr. 13, at the High school auditorium.

The instrumental and choral instruction is under the direction of Hans von Holwede, who will take the outstanding members to the conference concert at Barrington later.

The spring concert, always quite popular, will have as an added attraction this year dancing to the music of Art Smejkal's orchestra, all for the price of the general admission.

C. Wayland Brooks Will Speak at Masonic Party At High School Apr. 11

C. Wayland Brooks, former United States Senator, will be the speaker at an outstanding meeting of Sequoia Masonic lodge Wednesday evening, April 11 at the high school auditorium.

His subject will be "America's Role in World Affairs." Other top Masonic dignitaries including Stern S. Gibney, potentate of Medinah temple, Chicago, will also be present.

The event is for Masons and their ladies, and will start at 8 p. m. In addition to the speaking there will be entertainment and refreshments.

Fred B. Swanson who is a friend of long standing of Brooks, has arranged the program. Wendell Nelson, worshipful master of the lodge, is general chairman.

Robert Hunt to Have Opening of New Filling Station on Saturday

Robert Hunt, who was associated with his father, Frank Hunt, for a number of years in the filling station business has purchased the Sinclair station from Curnes Bros., at the intersection of Rtes. 173 and 21.

He will have his opening Saturday. Hunt made many friends while in the business at the intersection of Rtes. 173 and 59 and no doubt will find them greeting him at his new place.

Lions View Movies and Plan Athletic Banquet

Motion pictures on the subject of plywood and steel were shown members of the Lions club at its dinner meeting at Pregener's resort Monday evening.

The pictures were furnished by Roman Vos of the Antioch Lumber Co., and shown by E. W. Edwards. A WLS barn dance comedy was thrown in as an extra.

The club made preparations for its meeting on Monday, Apr. 9, when it will sponsor the athletic banquet for the Antioch Township High school athletes.

At Condell Hospital
Births: Mr. and Mrs. John Effinger, Antioch, baby boy.
Medical and surgical patients: Mrs. John Schroeder, Lake Villa; Mrs. Michael Ledvina, Lake Villa; Mrs. Marcella Raska Ingleside; Mrs. Donald Summers, Lake Villa and Earl Krieger, Lake Villa.

Bad Weather Delays All Spring Sport Practice At Antioch High School

Snow-covered ground has not been conducive to track and field practice at the Antioch Township High school and unless the weather improves rapidly the first competitive events will have to be postponed, coach Maurice Kruzan acknowledged.

The Sequoia are scheduled to open their track season Friday, Apr. 6, at Libertyville, and it is hardly probable that the two schools will get in condition for competition at that time.

The following day the Antioch golf team is scheduled to meet Barrington High there. Little golf has been played anywhere in the North Shore region this year as yet.

The severe winter and the late spring have made spring sports unpromising. There hasn't been enough warm and dry weather to permit workmen to roll the cinder track at the Antioch High school. But just let a few warm days come, the thinly clad will be circling the track limbering up and the ping of the golf ball will be heard.

Hot Contest in Salem Twp. Will End Tues., Apr. 3

One of the most highly contested elections to take place in Salem township will be settled next Tuesday, April 3, when voters of the two precincts there will go to the polls to elect a town chairman, two supervisors, town clerk, town treasurer, town assessor, two justices of the peace, and three constables.

One of the two main contests will be for the place of town chairman, with two popular candidates vying for the office, which has been left wide open by the decision of Al Schmidt to decline to run. Candidates for the office are Earl Elfers, Trevor, who is well-known throughout the region for his work as an auctioneer, and also his work for many organizations, including the Kenosha County Fair, of which he is a director. Elfers promises an efficient, economical administration, if elected. Opposed is Joseph Fox, also well-known in the township as a former town treasurer and former operator of the Maple Inn, route 83, north of Antioch.

Four candidates are on the ballot for supervisor, with two to be elected. They are Fred Baysinger, veteran member of the board, who operates a farm near Silver Lake; Wm. H. Cook, farmer, also a member of the board for several terms. Opposed to these two are George Felkamp, who operates a hardware store in Salem and Bob Patrick, who lately returned from military service. This race is sure to be close.

Salvation Army Tag Day

Antioch has joined 10 other Lake County villages in designating Tuesday, June 12, as Salvation Army Doughnut Day. Mrs. R. Bruce Wiseman, Harvey, suburban chairman, announced to day.

L. D. Powles, city clerk, has notified Doughnut Day headquarters that a permit to tag in Antioch was granted on March 7. The little paper doughnut tags, symbols of The Salvation Army's service to the unfortunate, will be sold by local volunteer taggers.

Election on Tuesday To Choose Supervisor And Road Commissioner

Regular Referendum on Road Improve. Taxes, No Increase

Scheduled to go to the polls three times in April, voters will make their first trip to the ballot boxes in the township election next Tuesday.

This may prove the most exciting of all three elections because of the races for supervisor and highway commissioner.

William Rosing, incumbent, and Anthony Scully are fighting it out for the supervisor's post, and Robert J. Webb and Milton Crandall are racing for the post of highway commissioner.

There is no opposition to William H. Herbert for justice of the peace and to Louise R. Vos and Lillie M. Petty as members of the library board.

There will be voting in the three regular precincts between the regular hours of 6 a. m. and 5 p. m.

Voters will be called upon to reapprove the regular road improvement taxes, a procedure almost red tape in nature, but necessary to continue road improvements. There is no increase in the rate.

Other elections in the near future are the school board elections on Apr. 14 and the village board election on April 17 where there is no competition.

Postoffice to Occupy New Building June 1; Time Limit Extended

An extension of time from Apr. 1 to June 1 for completion of the new building on Lake st., to be occupied by the Antioch postoffice has been given the contractor, Frank Nejdil. Although now the building is going up steadily, the unusually cold weather last fall and this winter has made construction work then impossible.

With a resemblance of fair weather the work is being pushed rapidly, and Nejdil says that barring unforeseen circumstances, he will have the postoffice part of the building or all of it ready when June 1 rolls around.

Postmaster Roy Kufalk says the building must be ready by June 1 for the contract on the present room on Main st. expires May 31.

A few pieces of new equipment have arrived for use in the new building, but Kufalk doesn't know how much more he will get. He may have to use the old boxes for a while.

Wilton Electric Co. To Have Grand Opening Saturday With Gifts

Wilton's Electric shop will have its grand opening Saturday.

In a well lighted brand new building with fine new fixtures, Robert Wilton will receive both young and old and there will be gifts for all. He will have on display products of Frigidaire, Maytag, Philco and Hoover.

Wilton has been proprietor of the electric supply store for 12 years, and for 32 years has been employed on the site that his new building occupies.

Economic Highlights

The people of the United States, and their government, are confronted by the gravest possible problems—war and peace, ever-rising taxes and inflation, more schisms between management and labor, the possibility of having to support a great military force here and abroad for many years, and so on down an almost endless list. But, in this as in the other democratic countries where free elections are still held, such problems never obscure the great old game of politics. So the question of who's going to run for President in unpredictable 1952 is beginning to be a hot topic of conversation among professionals and the rank-and-file alike.

First of all, the feeling is very strong, in both Democratic and Republican circles, that Mr. Truman will not run again. The Constitutional amendment restricting any President to more than 10 years in the job has been passed and, while it specifically exempts the incumbent, it is an indication of public feeling. Moreover, men close to the President say he has enough of the job, and that his family, whose wishes he respects very strongly, are fed up with it. Mr. Truman has intimated that he would like to return to the Senate. No one knows if he really means this or not but, if he does, he would have a famous precedent in the case of John Quincy Adams who retired from the Presidency and spent the rest of his life as a member of the House of Representatives.

The great question mark is the appealing and somewhat confusing figure of General Eisenhower. As Newsweek puts it, "If Washington is right about Harry S. Truman, there's a good chance that General Dwight D. Eisenhower can get the Democratic nomination for President in 1952 just by asking for it. Quite a few Democrats think he can get it even without asking. . . . Strangely enough, some of the most powerful leaders of the Republican Party want Ike just as desperately as the Democrats do."

In other words, no one knows whether the General is a Democrat or a Republican. A professional soldier has no politics. After he left the Army, he

gave no public evidence of an attachment to either party. And now he is back in uniform again, so there is small chance of his clarifying his political position in the near future.

Newsweek explains the Democrats' keenness for the General in these words, "The Democratic Party is split wide open on almost every conceivable domestic issue. On foreign policy, in contrast, the party is almost completely united. Ike's very vagueness on domestic problems, therefore, makes him an ideal Democratic candidate. There is nothing in his record that could alienate any of the groups which compose the Democratic Party: the ADA (Americans for Democratic Action) liberals, the conservative Southerners, the big-city bosses, the labor-union leaders, the Negroes." That is certainly not true of any other potential Democratic candidate now visible to the eye.

On the Republican side of the fence, he has the strong support of such still-potent figures as Governor Dewey. But here he runs into the powerful Senator Taft, who clearly wants the nomination for himself, and who in the view of millions is now "Mr. Republican." The probabilities are that the Senator now has the inside track, but many a change could occur by convention time.

One more quotation from Newsweek indicates the odd possibilities: "If the parties follow custom, the Republicans will hold their national convention first. And as things stand now, the choice will be Taft or Eisenhower. . . . If Taft gets it, the Democratic convention will open with Ike the almost unanimous choice."

The Low Down From Hickory Grove

Every day somebody comes up with a new sure cure for whatever it is they say ails us. Our expensive hired hands there in Washington-town have had 1000 answers, but, the great big saw, it comes nearer and nearer—we are far from out of the woods, our ailments increase.

Now, leaving the war out of the picture, I will delve into the local U. S. A. family mess. If your house begins to settle—the plaster cracks—you don't fix same via a new coat of paint. You go down ad take a look at the foundation. It is likewise with a Govt. that is befuddled and buckling—it don't need 1000 kinds of kickapoo ointment rubbed on its surface.

The citizens of this land need a refresher course in the type and kind of free country turned over to us by Franklin and Washington and the Pilgrims. Left-handed terms have quietly bored holes in our foundation, as they redecorated the parlor. Nobody—almost nobody anyway—would vote for Socialism, but many a good citizen will agree to calling in the Govt. to do 1000 things, to which our forefathers would have said, nix. Many a good citizen don't recognize Socialism when he meets it face to face down on Main Street. We have lost our Pilgrim type astuteness—next it may be our Sunday shirt, if we do not look askance.

Yours with the low down,
JO SERRA

FEED DISCOVERY SAVES MONEY FOR HOG AND POULTRY RAISERS!

USERS AMAZED BY SPECTACULAR RESULTS

Read this exact quotation from a letter from Mr. Lyman McKee of the McKee Bros. Farm at Madison, Wis. "We started feeding about 50 pigs on the MYZON feeding program about September 1st. One of the first things I noticed was that their appetites and general activity improved. This was followed by a marked increase in weight."

Here's what another actual user says in praise of MYZON COMPOUND. Mr. Ivan Eschenbach of Baraboo, Wisconsin writes: "A few of my pigs which were a great deal behind the others when I began using MYZON, have shown much improvement. I can certainly say I have been very well pleased with the results I have had from using MYZON."

Jean E. Pagels Becomes Bride of Donald Rich

On March 24, Miss Jean Evelyn Pagels, daughter of Mr. and Mrs. Alfred Pagels became the bride of Donald Rich, son of Mr. and Mrs. Arthur Rich, of Hopedale, Ill., in the Antioch Methodist church. G. Richard Tuttle officiated at the double ring service at 4 o'clock p. m.

Given in marriage by her father, the bride wore a slipper blue suit with white accessories. A corsage of white carnations was pinned to her suit. Mrs. Marge Anderson, sister of the bride as her attendant, wore a blue flannel suit, with pink accessories. Her corsage was of pink carnations.

Acting as the bridegroom's best man was Charles L. Anderson, brother-in-law of the bride. Miss Dorothy Halvorsen, cousin of the bride was soloist, accompanied at the organ by Hans Von Holwede, who played the "Wedding March" and other special music.

The newlyweds greeted guests at a reception held after the ceremony in the church parlors. A dinner was held after the reception at Fregener's Resort, Grass Lake.

The bride's mother wore a green knitted suit and the groom's mother was attired in black, their flowers were red roses.

Mrs. Rich is a graduate of Antioch Township High school and is in her senior year at the State Normal University, at Normal, Ill. She expects to graduate in June.

Mr. Rich is a graduate of Hopedale high school and is engaged in farming at Hopedale, where he and his bride will make their home.

Gavin P. T. A. to Elect Officers, Hear Talk on Use of Radio Programs

Officers will be elected by the Gavin school Parent-Teacher association at the regular meeting at 8 p. m. Tuesday in the school auditorium.

The program for the evening will feature the theme "Our Challenge—Better Schools Through Better Listening," with a panel discussion led by the county radio chairman of the Parent-Teacher association, Mrs. Lester Keeper of Waukegan.

This promises to be a most interesting and instructive program on a subject involving daily living. Hostesses for the evening will be mothers of the second grade assisting Mrs. Earl Dalziel, room mother. They invite all members and friends to be present.

Dr. George Callahan Will Give Illustrated Talk on Tour of World

Legionnaires have been invited to attend the meeting of the American Legion auxiliary tomorrow evening (Friday) at the Legion home in which Dr. George Callahan, Waukegan, will give an illustrated talk.

Dr. Callahan recently made a trip around the world and through his friendships with physicians in many of the oriental and European countries was able to get unusual pictures.

Waukegan groups who have seen them pronounce them excellent.

Legion Auxiliary Foresees New Child Welfare Problems

New child welfare problems arising from the current military and industrial mobilization are foreseen by American Legion Auxiliary child welfare workers, according to Mrs. Louise Erickson, Child Welfare Chairman of Antioch Unit of the Auxiliary.

"We must anticipate conditions similar to those of World War II days when absent fathers, working mothers and moving families disrupted home life and produced grave child welfare problems," Mrs. Erickson said. "All possible measures should be taken to prevent American children having to pay for the nation's security in injured health, unsatisfactory education and blighted character development."

The special interest of the American Legion Auxiliary is in children of veterans, but since more than half of all children in our country today are veterans' children, the scope of our activities is very wide. Last year more than one million children were aided by the combined efforts of The American Legion and Auxiliary, and we expect the need to mount during the present year as the country approaches more nearly a war footing.

"Coordinated efforts by all organizations and agencies interested in the welfare of children will be needed to meet the new problems. The American Legion Auxiliary with its nearly one million members and with its long experience in working for the welfare of veterans' children, is in position to make important contribution to this work, and is busily engaged in meeting the responsibility it feels for the welfare of all American children in the present emergency."

PARENTS OF DAUGHTER

Mr. and Mrs. George Gilpin, of Woodstock, are the parents of a daughter, born Wednesday, March 28, in Woodstock. Mrs. Gilpin is the granddaughter of Mr. and Mrs. Otto Hanke Sr., of Antioch.

Most U. S. Children Eat Poorly, Survey Of Nutrition Shows

CLEVELAND, O. — Dr. Pauline Berry Mack, director of the Ellen H. Richards Institute of Pennsylvania State college, told a science association recently that three-fourths of the nation's children suffer from some degree of under-nourishment.

Dr. Mack said a nutrition study found that of 2,504 children, 75 per cent didn't get enough energy and vital nutrients from their food. And not one of them rated top health grades in strict medical examinations. Far too many had bowlegs, knockknees, fatigue, nervous habits, poor teeth and other faults.

Further, she said, it takes a long time to overcome some of the "scars of past poor food habits," and this may explain many of the physical ills of adults today.

The children represented every economic group and were higher than average in economic status, she reported.

Children under four were in the best condition. Girls 13 to 15 had the poorest records, and young women 16 to 18 were only slightly better off. Boys did a bit better.

Most showed signs of healed sores of tongue and gums, and excessive tooth decay. More than half had some type of nervous habit, such as restlessness and nail biting. Two-thirds showed signs of undue fatigue, and more than 80 per cent had poor reflexes in some part of the body.

A switch to a good diet quickly overcomes some troubles, including the buildup of most blood chemicals, Dr. Mack said.

But body size and proportion, even years, and probably can never be altered entirely if the original damage was of a severe type."

Tape Sounded for The Kid Claimed to be 'The Kid'

HICO, Tex. — The man who claimed he was Billy the Kid is dead.

Brushy Bill Roberts fell dead of a heart attack as he walked the streets of Hico. He was dressed, as always, in a fringed frontier shirt, cowboy hat and boots. He claimed he was 90 years old.

Gov. T. J. Mabry of New Mexico recently refused Roberts' plea for a pardon as Billy the Kid. Roberts claimed that the story of the death of the Kid, or William H. Bonney, at the hands of Sheriff Pat Garrett in Fort Sumner, N.M., in 1881 was just legend.

California Man Crowned Champion Liar of 1950

BURLINGTON, Wis. — Frank J. Goulette of Los Angeles was crowned 1950's champion liar.

Goulette's winning story went: "One winter when I was working on a pile driver in North Dakota, a member of our crew froze to death in bed. The ground was frozen so hard that it was impossible to dig a grave. We stood the fellow on his head under the pile driver—and we had to drive on him seven days and seven nights before we got him down far enough for a decent burial."

Joseph Flynn of Cleveland won honorable mention for this fib:

"One night when I was firing on the railroad, we got an order to go into a sidetrack to let a passenger train pass. We had 65 carloads of canaries, and couldn't get rolling—too much weight."

"I guess we would have been there yet if I hadn't hung a lighted lantern in every one of those canary cages. The birds, thinking it was morning, flew off their perches. With the birds in the air we had enough weight off the wheels so that we could get going."

Eleanor Roosevelt Heads List of Smartest Women

NEW YORK — For the second consecutive year, Mrs. Eleanor Roosevelt was ranked first on the Book of Knowledge list of the 12 smartest women in America.

Concert singer Marian Anderson was second in the poll, which was conducted by editors of the children's encyclopedia.

Listed in the top 12 for the second consecutive year were Anne O'Hare McCormick of the New York Times, Mme. Vijaya Pandit, Indian ambassador to the United States, columnist Dorothy Thompson and author Margaret Mead.

Newcomers to the list were Marguerite Higgins, foreign correspondent of the New York Herald-Tribune; actress Helen Hayes, Sen. Margaret Chase Smith of Maine, Sister Kenney, Helen Keller and physicist Florence Rena Sabin.

More People Visit Museum Than Go to Yankee Stadium

NEW YORK — Nearly 2,500,000 people visited the American Museum of Natural History and the Hayden Planetarium during 1950. The annual report of the museum pointed out that was more people than went to Yankee stadium.

"The museum attendance figure for the past year," the report said, "far exceeds that of Yankee stadium and almost equals the combined attendance for the full year of 1949 at the Belmont Park, Jamaica, and Aqueduct race tracks."

SHORT STORY

Sweet, Easy Money

By Richard H. Wilkinson

WHEN a man's flat on his face—financially speaking, I mean—he'll take any kind of a job. That's my excuse for playing nursemaid to Julia Upton. Bodyguard—that's what Moe Langdon, her producer called me. You see, there'd been a kidnapping scare and Julia was right at the top of the heap that year—a tempting morsel for abductors, and Moe figured she needed looking after. Also, he figured the publicity wouldn't do her any harm.

"After all," he grinned, "you were all-American fullback, and when the public reads that you're riding herd over little Julia—"

"A swell friend, you are!" I snapped. "My pal!" I stopped. He was still grinning, the grin that meant it was hopeless for me to argue. "How much will you pay?"

"Two hundred bucks a week—and what sweet, easy money."

He was right, it was sweet, easy money—providing a man didn't have any pride. I earned every dime of that 200 bucks. I wasn't used to being ordered around by a little child of a redhead.

"Tomorrow morning," she'd say, "we're going horseback riding. Be at the house at 9." Or: "Tonight the Keenes are giving a party."

I guess my attitude must have shown how I felt. At any rate, Julia began taking a delight in putting me on the spot—making me pose for pictures, making me attend afternoon teas where I'd be the only man present—stuff like that.

There came a time three weeks later when Julia wanted to go for a drive in the country. We drove toward Santa Barbara, were half way there when it flashed across my mind that she was due at the studio for a rehearsal at 3 o'clock, and at this rate she wouldn't be there.

I told her she'd better turn around and head back. She said she was tired of rehearsals and said how did I expect to make her if she didn't want to go?

"Like this," I said, and switched off the ignition and pulled up the brake. She was furious. She wouldn't get out of the driver's seat. So I lifted her up in my arms, and it was such a swell opportunity I kissed her.

She swore at me—real cuss words—and because I knew this would end my sweet, easy money job I kissed her again, then plumped her down in the seat and got behind the wheel.

I DIDN'T bother to contact Moe. Instead I moved from my one room home into an apartment, and the next day set out to find myself a job.

I had expected the papers would be full of my discharge from Julia's employ, but they weren't. Not a word.

And she got me to thinking that maybe this wasn't quite as bad as I thought. As a matter of fact, I got to thinking other things too—mostly about Julia.

Two weeks later Moe Langdon called me up.

"Listen, you dub, Julia's been kidnapped and it's your fault. They want \$50,000. It's got to be delivered to a rendezvous . . ."

"Tomorrow morning," she'd say, "we're going horseback riding. Be at the house at 9 o'clock."

There was a guy waiting at the top of the pass when I got there.

He grinned at me when I gave him the dough. "Where's Julia?" I said. He jerked a thumb over his shoulder. "Two miles back, in a cabin. Follow the trail."

I ran all the way to the cabin. Julia was inside, bound and gagged. I didn't know the extent of my relief, and apparently Julia didn't know hers.

"I could have had you fired from your old job," she said, "just the way I made Moe Langdon hire you for my bodyguard. But I didn't want to. I wanted you to—to sate your old pride."

"Wait a minute," I said. "How about this kidnapping business?" "It was your own fault," she said. "You—you were so stubborn. You wouldn't call me up. I had to do something."

"Then it was a gag?" "She didn't say anything, just stared at me. Well, I thought, what's the use? I'm destined to look after this kid the rest of my life and I might as well like it."

Newport Calls Meeting For Saturday To Decide On School Annexation

Trustees of Newport township called a mass meeting of residents of that area for 8 p. m. Saturday in the Browe school to discuss annexation of the high school district to another district or other districts. They urge all citizens to attend.

A law now on the Illinois books says that no high school district can exist any longer without a building. Newport township, organized as a high school district, but sending its students to Antioch, Warren and Zion-Benton High schools, must act by July 1 when it automatically will be dissolved.

Most of the Newport students are going to Warren township, but Antioch gets a large share from the western part of that township. A few go to Zion-Benton.

The township can decide to be annexed as a whole to an adjoining township which has a building or it may split up so that areas are joined to districts nearest them.

Uncle Sam Says

"The best way of saving for a working man is the Payroll Savings Plan for the purchase of U. S. Savings Bonds." That is the story from thousands of employed persons who are today helping their country and themselves as well. It is also the opinion of a couple in Niagara Falls who made a down payment on a new home with Savings Bonds. They are now putting 10 per cent of their pay into Savings Bonds so that they can buy a bakery. You too can build your own future by signing up for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank.

Hot Contest.....

(Continued from page 1)

help bring out the large vote expected.

A second close contest is developing for the town clerk job with Florence Richards of Salem opposing Gerald M. Siebert, also of Salem. Mrs. Richards is well-liked and sure to poll a large vote, while Siebert is a veteran office holder, having been clerk of the Kenosha County court for some years and is the son of Matt Siebert, once state assemblyman from Kenosha County.

C. V. Cook, at present town treasurer and an employee of the Kenosha County highway department, is opposed for the office by Clarence Schulz, of Salem. Schulz operates a barber shop in Salem and has lately become well-known to the voters through his work for the central high school board of which he is a member.

Wm. Kavanagh is not opposed for re-election to the post of town assessor, nor are Elmer Barthel and Arthur Bushing for the two Justice of the Peace jobs.

Five men aspire to act as policemen for the township, with three to be elected. Those on the ballot are Harry Harrison, Don Klapper, Louis Lutz, Preston (Pete) Stoxen, and Casper Wenske.

Salem Now Two Precincts

This will be the first local election which will utilize the new precinct system in the township. While the whole township was formerly one precinct, now it has been separated into two with those living north and east of the Soo Line railroad right of way voting in Precinct No. 1, and those living south and west in precinct 2. A possible 1400 voters live within the two precincts and persons who have observed the campaigns in the township expect more than 1000 votes to be cast next Tuesday, when the polls will be open from 9 a. m. until 8 p. m. Polling places for precinct 1 will be at the Salem community hall, and for precinct 2 at the Wilmet Fire station, Wilmet.

Herman T. Meinersmann Called Back to Service In Air Force as Captain

Herman T. Meinersmann of Rt. 3, Antioch, has been ordered into active service in his Air Reserve rank of captain and is assigned to the office of deputy for operations at headquarters of the First Air Force, Mitchell Air Force Base, N. Y.

Captain Meinersmann served 27 months as a pilot in Europe, with Headquarters, XII Tactical Air Command, and later the 126th bomb group. He holds the European theater of operations ribbon with four combat stars and the air medal with one star.

He attended the University of Illinois for two years. Prior to his return to active service he was secretary and treasurer for Glamour Tile, Inc., at Fox Lake, for two years. His wife, the former Miss Rosal Bronkankant, is from Milwaukee, Wis. They have three children, Joanna Gay 4, Karen Lee 3 and Tedd George 1.

Captain Meinersmann is a member of the Lion's club, the Veterans of Foreign Wars, the American Legion, and the Loyal Order of Moose. His mother, Mrs. Margaret Meinersmann, resides at Rt. 1, Lake Villa.

E. H. Ravenscroft, 79, Former Owner of Farms At Hickory Corner, Dies

Edward Hawks Ravenscroft, 79, who until a year ago owned the Ravenscroft farms at Hickory Corners, east of this village, died at his winter home in Phoenix, Ariz., Saturday. The family observed a private funeral service and brought the body to North Chicago for burial in the Garden of Memories.

A memorial service will be held at 4 p. m. tomorrow at the Union Church in Glenview.

Ravenscroft was born in Scotland and came to the United States at the age of 1. He was graduated from the

DUO-WAY
DISPOSAL UNIT

Until you've actually enjoyed a DUO-WAY in your own home, you just can't imagine how many steps and how much time it saves you—how much it relieves you from odious garbage dispensing tasks—how much cleaner and more sanitary, odor-free and muss-free it keeps your kitchen.

You couldn't ask for an easier, more economical way to dispose of household waste, for push-button controlled and gas-operated DUO-WAY burns every type of garbage and refuse excepting metal and glass. Moreover, it burns it without the disagreeable odors of ordinary incineration... thanks to DUO-WAY'S famous and exclusive **DRY FIRST—THEN BURN** DOUBLE ACTION.

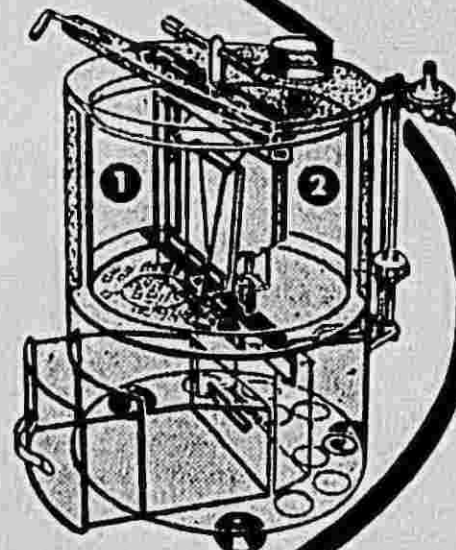

Safe and sanitary, a DUO-WAY gas-operated disposal unit can solve your refuse problem simply and inexpensively for years to come. Come in and see the 1951 model today. You owe it to yourself to see first-hand what a wonderful home help it can be.

DRY FIRST—THEN BURN

DUO-WAY'S Exclusive Double Action Principle

All material fed into your DUO-WAY is first thoroughly dried in a special chamber (1) over a low, economical gas flame before it is burned in the combustion chamber (2)—thus insuring against any smelly, smoky odors. Emptying the large ash drawer about once a month is practically the only servicing required.

Uncle Sam Says

Our freedom is in danger! Every American knows that and I know that every one of you wants to do his or her bit to help preserve that freedom. We can't all go into uniform or into a defense plant, but there is one BIG way in which we can all help, every one of us. That is—the purchase of U. S. Savings Bonds. They are not only as valuable today as the day you buy them, they grow in value. And they will always be that way. Test Yourself!

Although only a specialist can scientifically determine the type and amount of hearing loss, answering the following questions may give you a clue as to whether your hearing is up to normal.

Write Yes or No

- Do you find people seem to be "mumbling" or slurring their words when they talk to you?
- Do you hear better in noisy places than in quieter ones?
- Are you bothered by head noises or "ringing" in the ears?
- Do harsh loud noises seem actually painful?
- Do you find that, at one moment, you cannot hear someone speaking to you and, at the next, they seem to be shouting?
- Can you hear the sound of a voice but find it difficult or impossible to understand what is being said?
- Do you seem to hear better with one ear than the other?
- When a group of people are talking, do you seem to have trouble hearing?
- Do you have trouble hearing when going to church, listening to the radio, television, or when seeing a movie . . . do you have trouble hearing your children, grandchildren?

If your answer to any one of the above questions is "Yes," you may have a hearing loss. If your answer is yes to more than one question, your hearing is probably impaired. In either case, you should send for the FREE book "New Discoveries to Help the Deaf Hear" or see your local Beltone Hearing Service Consultant at

Nash Rambler

SETS ALL-TIME RECORD

31.05 MILES PER GALLON

IN 1951 MOBILGAS ECONOMY RUN!

Here is proof positive that the Nash Rambler is the most economical full-size car on the road . . . official proof that you can expect to go farther on every gallon of gas in a Rambler Airflyte.

For in America's blue-ribbon stock car event—the 1951 Mobilgas Economy Run from Los Angeles to the Grand Canyon—the Rambler smashed all previous records for the Run . . . covered the 840.05 miles on just 27.05 gallons . . . averaging 31.05 miles a gallon! That's the thrifty performance you've been looking for.

Nash Motors, Division Nash-Kelvinator Corp., Detroit 32, Michigan

In setting this all-time record, the Rambler carried 4 passengers with driver and averaged over 41 miles an hour. The course covered all types of terrain—deserts, mountains, city and highway driving . . . with snow, rain and head winds. Yet never before had any car in this economy run gone so far on so little gasoline!

Every Nash Airflyte entrant—Statesman, Ambassador and Rambler—was a trophy winner in its class . . . smashing evidence that Nash is your best bet for the years ahead!

*Proof

Cycle of Colder Weather Seen By Scientists

BOSTON, Mass. — The nation's farmers can expect shorter growing season during the next 25 years, according to Dr. Raymond H. Wheeler of the Weather Science Foundation, Crystal Lake, Ill.

The unusual weather last fall is merely an introduction to 50 years of cooler climate to come, says Dr. Wheeler.

The present weather changes fit war predictions based on weather which Dr. Wheeler, then a professor at Kansas University, made seven years ago.

He then had charted 17,000 battles in world history, to find that both World War I and II came in warm periods. In cold periods, like the one now starting, he found that although wars continued, there were smaller, usually civil conflicts. Nations in the cold times turned to reconstruction. Love of liberty grows stronger. He said Christ lived in one of the cold periods.

Cold Area Ahead

Dr. Wheeler's present predictions are concerned solely with predictions about the warm cycle, which he says is just ending, and the cold just ahead.

The cooling signs, he says, actually began about 10 years ago. Donald MacMillan, Arctic explorer, returned from the north last summer with a report that not in years had there been so much ice.

The erratic weather last fall is explained, under Dr. Wheeler's studies, as characteristic of the periods when climate is shifting from warm to colder.

Wheeler says his studies show two important cycles, one of a hundred years between two warm peaks, the other a thousand years. We are now entering the cold half of a hundred-year cycle he says.

This thousand-year shift, now on the warming-up side, has caused frost lines to advance northward in Finland, Norway, Alaska, Russia, Siberia and Canada. In Greenland, farms and cemeteries that had been buried under ice and snow for 600 years, are now uncovered.

Because of these signs, Dr. Wheeler says, the public has been told that world climate is becoming warmer. They have not been warned about the coming drop.

World Getting Colder

"There is not the slightest chance," he says, "of the world getting steadily warmer, nor is there the slightest chance that we will escape a long, severe cold period that is on the way now."

After the thousand-year warm peak of next century, he says the hundred-year cycle will be riding the downside. Cold dips then will be worse.

"It is practically certain," he says, "that within the next few hundred years it will get so cold at times that again several feet of snow will fall in Rome; rivers will freeze solid; ice will form on the Nile in the coldest winters; and the Baltic Sea will freeze over between Germany and Sweden."

Six-Year-Old Ken Becomes Man of World for a While

FLORENCE, S. C. — When Ken Grimsley, 6, son of Judge and Mrs. Kenneth Grimsley, learned that he had a new baby sister he decided, as all men do, that it was time to do some celebrating.

Putting aside childish things, he took some of his daddy's best cigars and went around the neighborhood offering them to the other men he encountered — all the while manfully puffing on one himself.

Meeting his pastor, the Rev. Elbert H. Walker of Calvary Baptist church, young Ken gave out with the boastful greeting: "Have a cigar, Dr. Walker. I just had a baby up at the hospital."

Shortly afterwards, Ken's thoroughly chewed cigar was weakly tossed aside by a green faced and very sick young man who had taken one more of the sometimes painful steps to manhood.

Research Workers Answer 34,200 Questions in 1950

CHICAGO, Ill. — Research workers for the Encyclopedia Britannica reported that they answered 34,200 questions during 1950 for subscribers. Among the queries were:

"What is the cause and cure of child psychology?"

"How did the elephants in Noah's ark get down from Mount Ararat?"

"How can I keep my wife home nights?"

"How many dog and cat cemeteries are there in South Africa?"

Sheboygan Boys Get Street Drama for Just One Cent

SHEBOYGAN, Wis. — Sheboygan youngsters have a new prank. They watch for a traffic officer to put a ticket on a car after time has expired on a parking meter. When the officer leaves the boys drop a penny in the meter.

The show starts when the car owner finds the ticket and then discovers he still has a minute left on the meter. And there's a bigger show at police headquarters when the irate motorist shows up to protest.
